Rachel

PHOTOGRAPHS BY KARLA

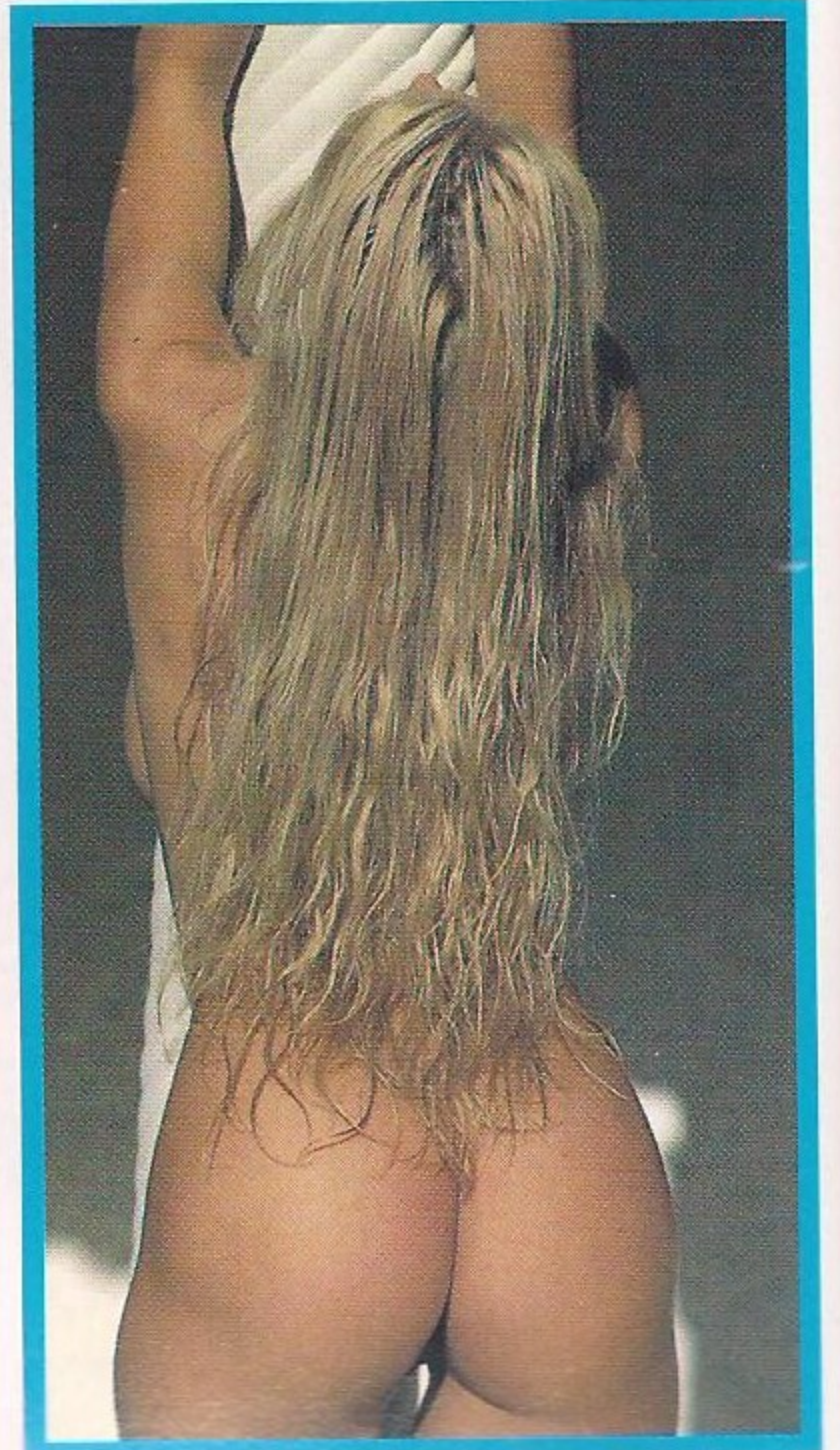

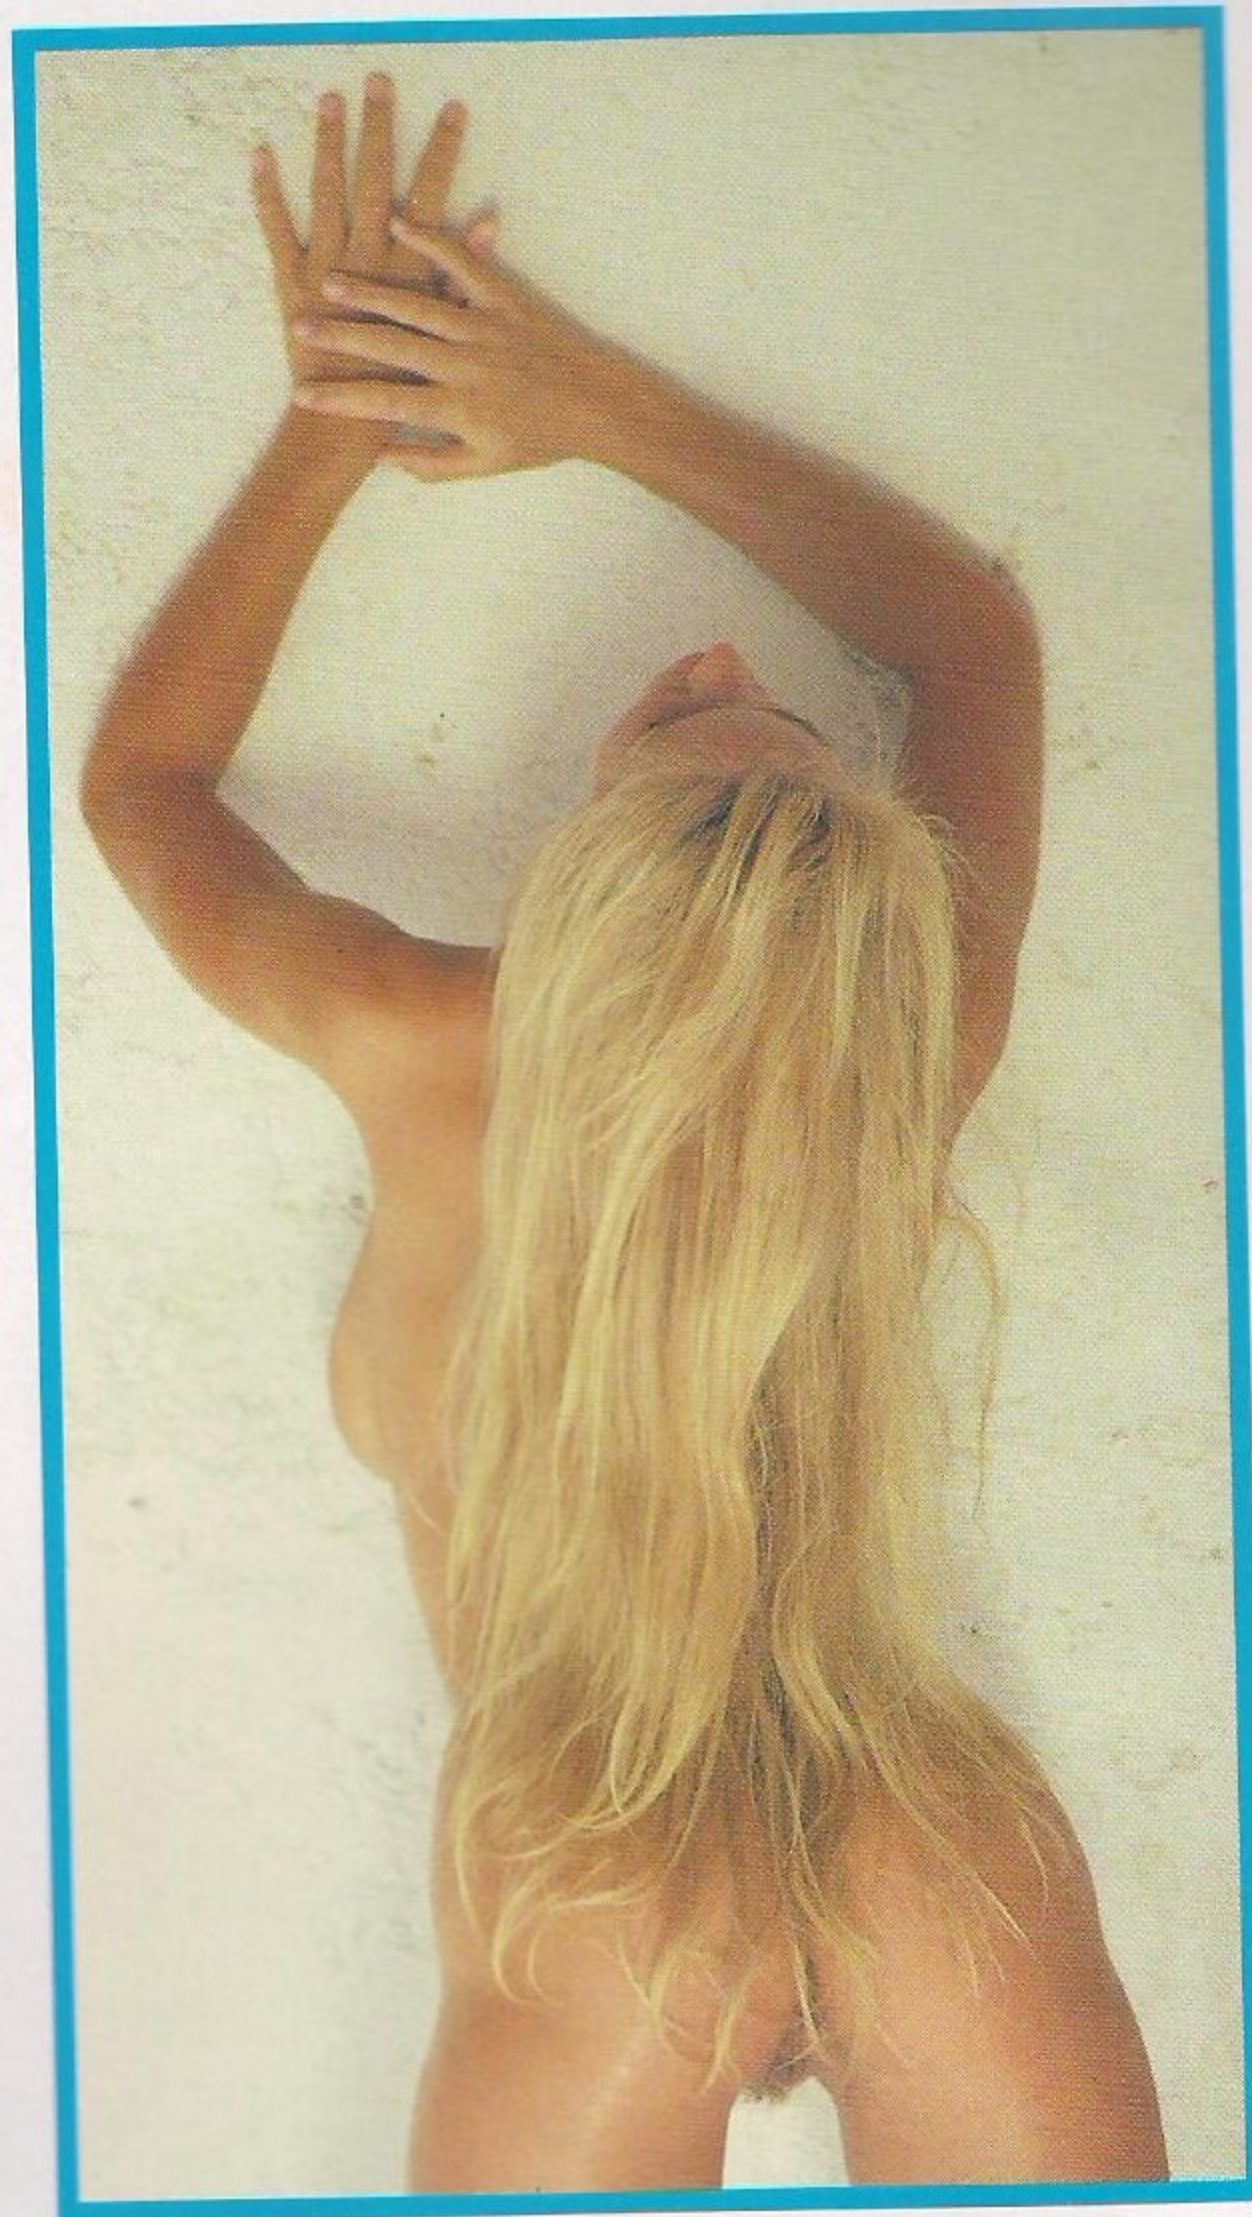

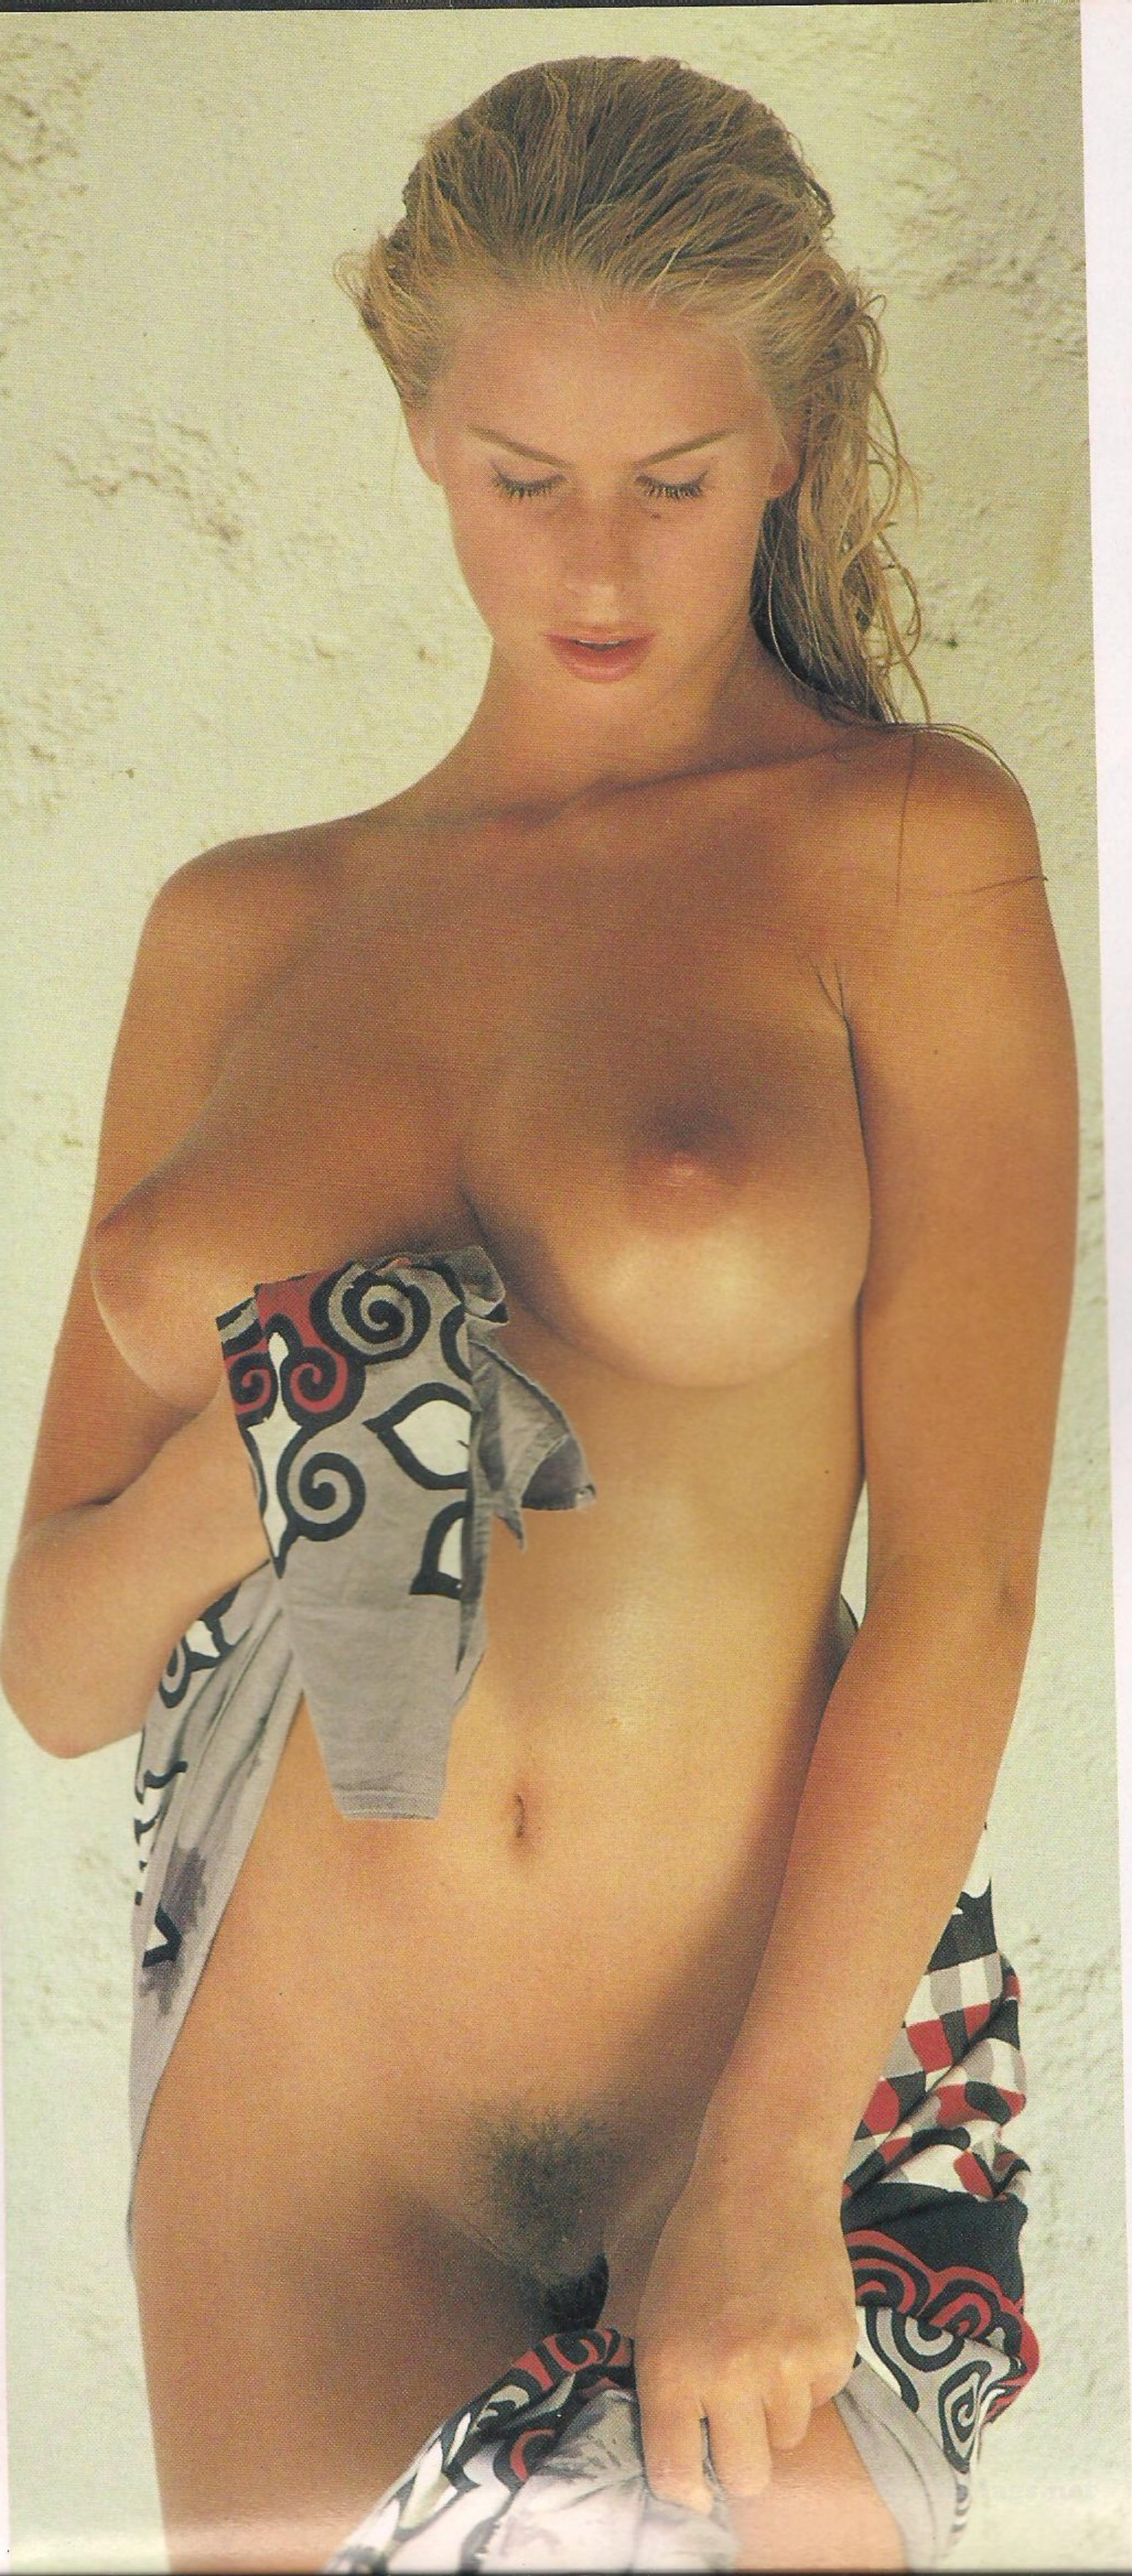

Who better to get the magazine off to a great start than our double-barrelled beauty, Rachel Smith-Edwards. "I really enjoyed my trip abroad, but it's good to be back in Britain, even if it is raining," said the top-heavy blonde, sporting a lovely all-over tan. "I never get bored with living here. I love the food; I love the beer; and most of all I love the way most British men are so shy when it comes to sex."

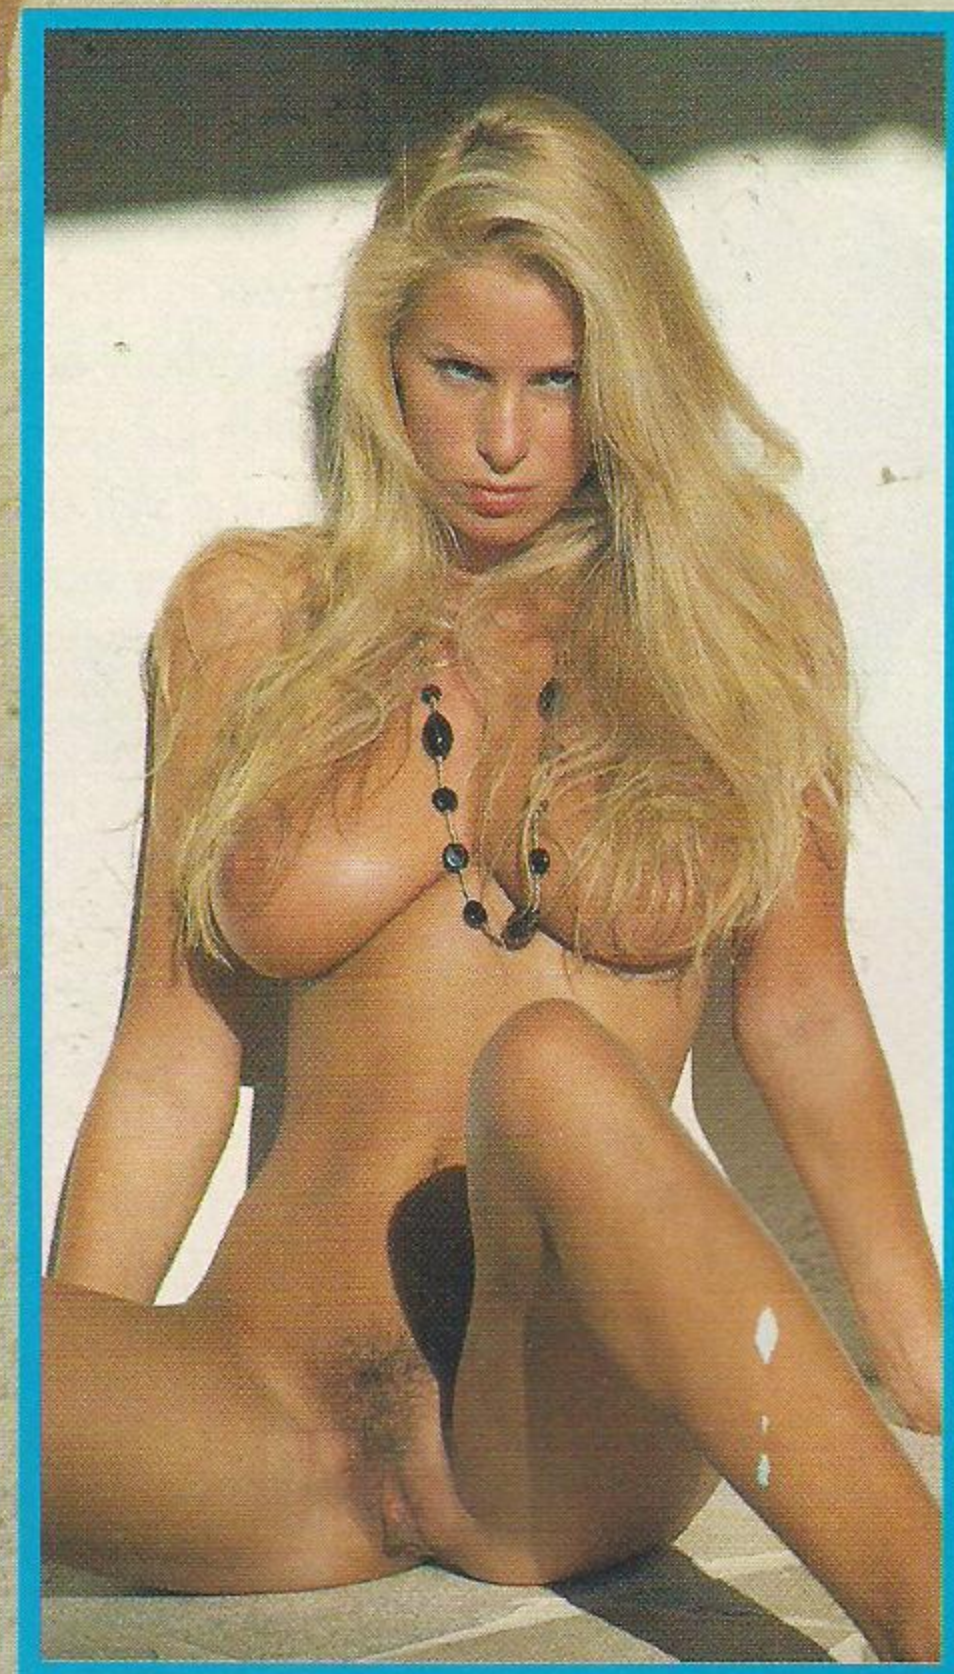

And why do you like that, we asked 20-year-old Rachel.

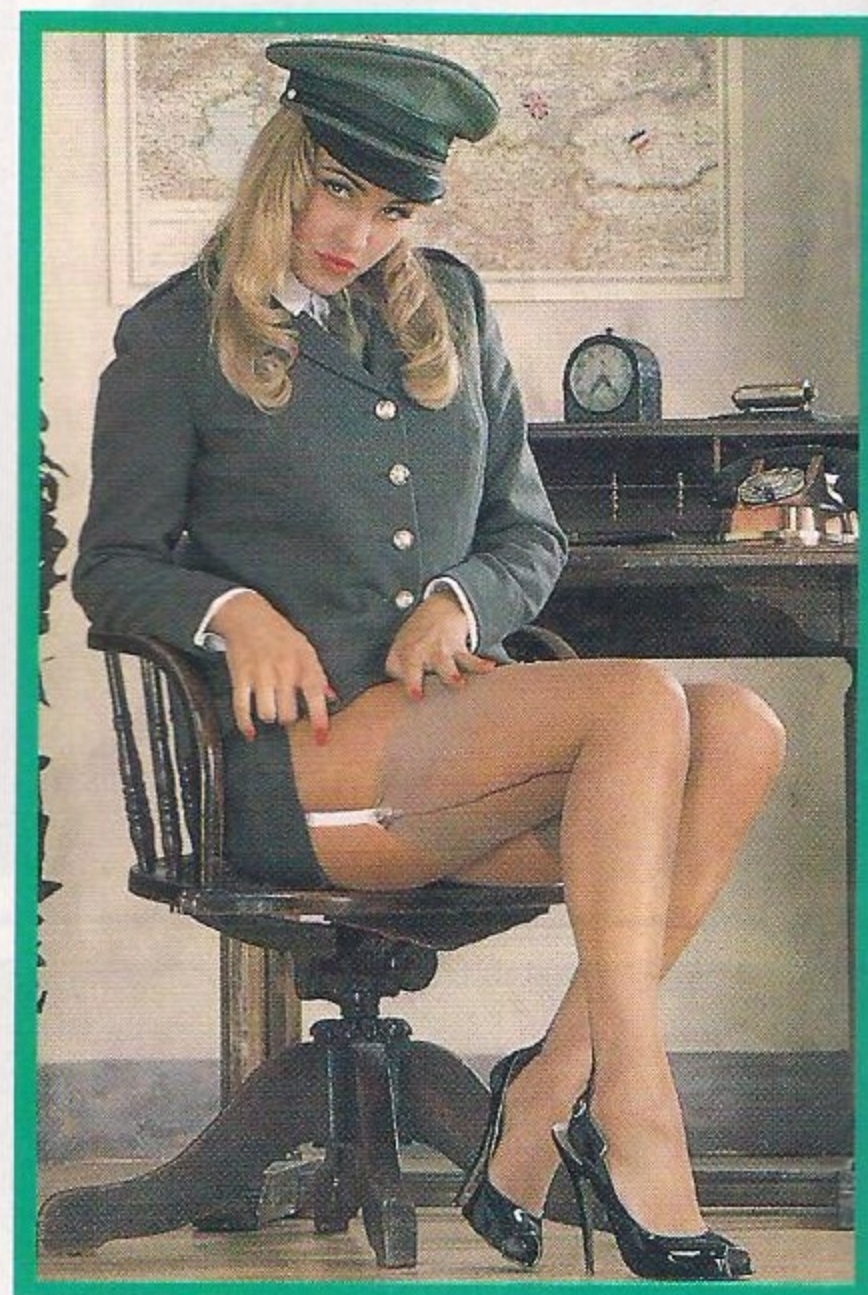

"Because shyness is sexy, of course! I don't like guys who are full of themselves and show off about their sex-lives, like they do in some countries I could mention. Take it from me, British blokes are the tops," laughs Rachel. "Afterall, I've had my fair share so I should know!" 

If it's women in uniform you stand to attention for, then the sight of six foot tall Lisa-Marie parading around in her regulation issue Russian Bare outfit will have you square-bashing all day! "I'm afraid I've never been in the army for real, but I was in the Girl Guides," says our sexy sergeant major. "Believe me, if they ever allow girls to go into the army and

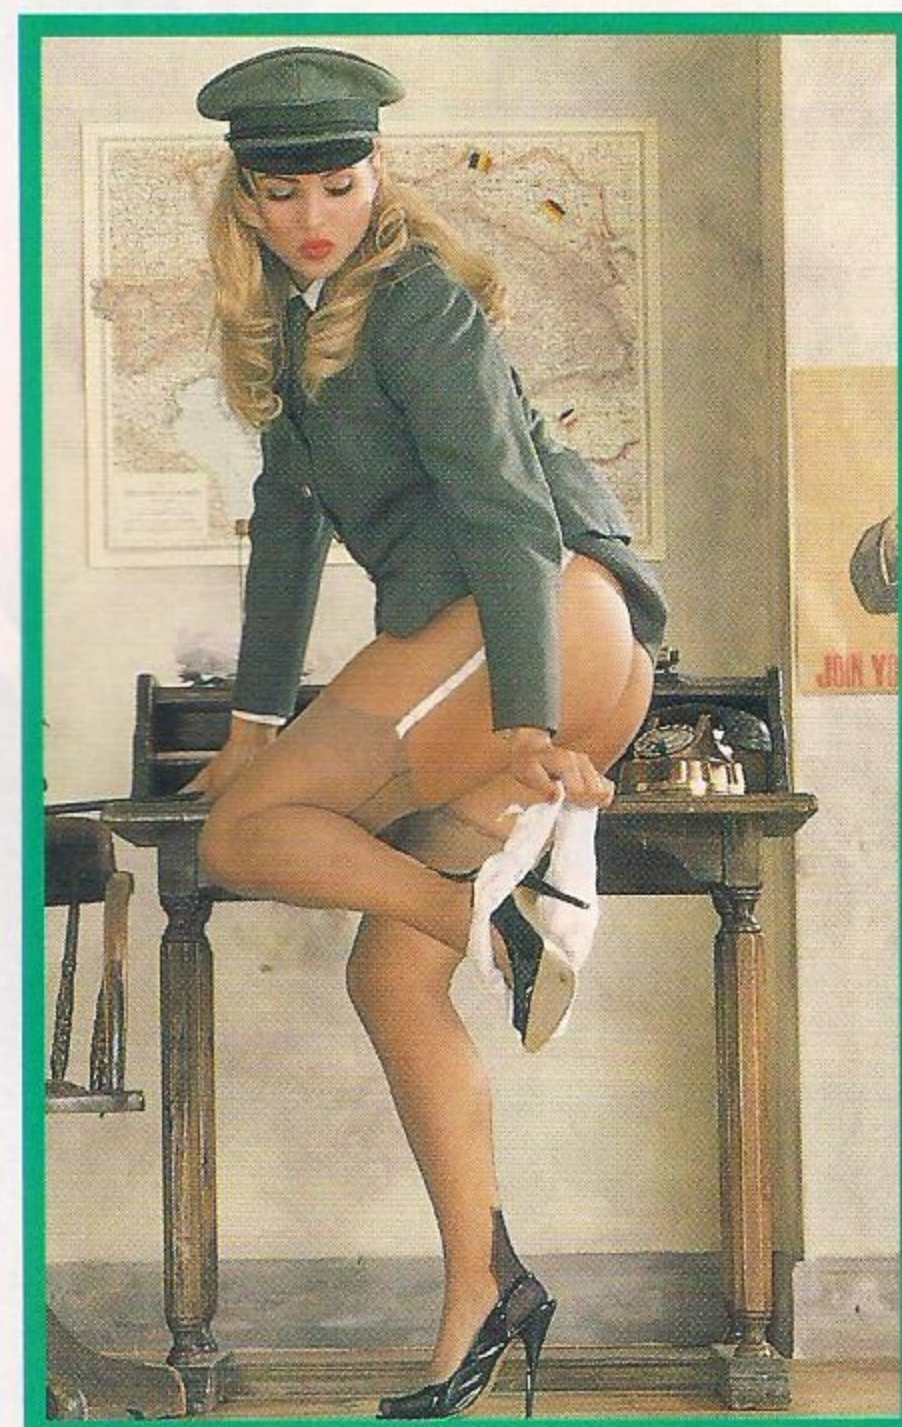

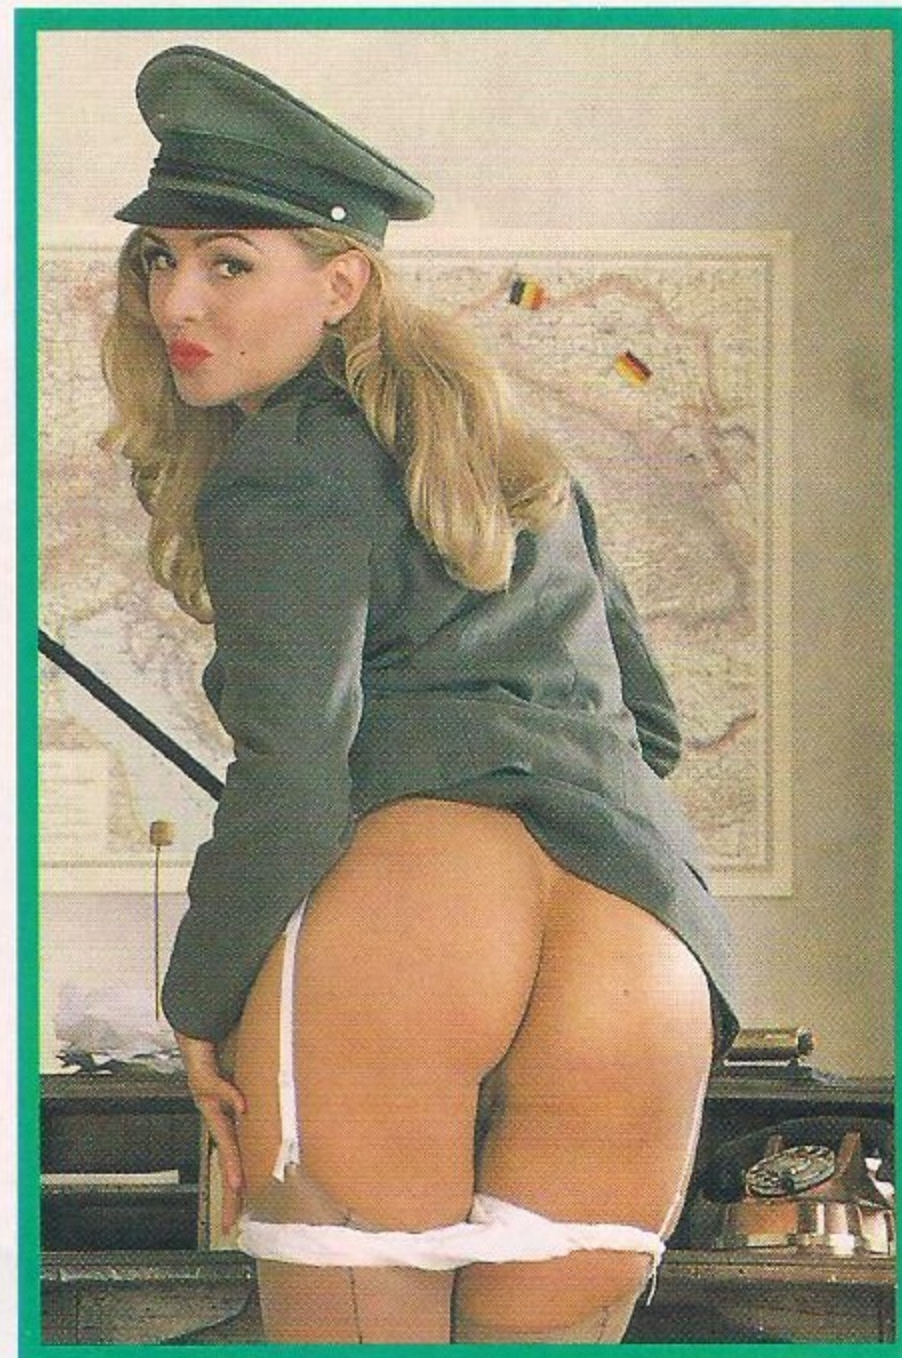

Lisa-Marie

share a barracks with all those hunky soldiers then I'll be the first to volunteer. Until then I'll stick to just thinking about what it would be like to shower every morning with a whole regiment of new recruits..."

We've heard of making love not war, but this is ridiculous! **M**

Apart from her soft, feminine side, which you can clearly see here, leggy Lana assures us she also has a somewhat tougher tom-boy side to her personality. "Some days I can think of nothing nicer than dressing up in frilly panties and a silky chemise; others, I feel far more comfortable in a pair of old Levi's and a T-shirt. That's what comes of hanging around with boys when I was at school," says 18-year-old Lana from North London. "Then, one day I realised that I'd actually rather sneak the guys back to my parents' house for a good feel-up than play football with them! It was quite a revelation, I can tell you.

"But I'd just like to say that if any of my friends see this and think that I've gone all girly — forget it! I'll be down at the pub on Friday night and beating you all at pool same as usual!" 

STYLISH

"Nineteen years old and never been in love", that's how sexy Susan Tyler responded when we asked her to describe herself for our readers. "I've fancied a few men, and even been to bed with one or two, but no man has ever really made me go weak at the knees and hot between the thighs," said the friendly supermarket checkout girl regrettably. "I read books about girls falling in love all the time, but for some reason it never seems to happen to me. It doesn't get me down though, because I know that somewhere out there there's a man made just for me, who'll come along and hold me, and kiss me, and make love to me for the rest of my life.

"And until that day I'm just going to have a good time looking!" **M**

SANDY

A Midlands boxing club was the venue for 20-year-old Sandy's top-heavy-weight title fight. There were two round ones and a knockout pose against the ropes before the referee judged that there was too much going on below the belt and the bell ended the bout. "It was no contest, especially as I was the only one in the ring!" laughed the breathless Bournemouth babe, wiping the perspiration from

her boobs. "Maybe next time you'll get me Lennox Lewis to match up to. I wouldn't mind sparring with him anyday!" added our pretty Page Three regular, who claims she hasn't scrapped with anyone since she was back at school. "And even then I only fought with boys so I could try and pull their pants down and see their willies!" **M**

JESSICA

City slicker, Jessica Taylor, is something of a closet cross-dresser. When her boyfriend's out, she gets a real thrill trying on his clothes. "I love slipping into his suit, especially when he's just taken it off and it's still warm," she says snuggling up in his pinstripes. "It's just like having him hold me really close." Normally, the 22-year-old Docklands doxy prefers more feminine threads to caress her 36-23-34 figure. "Silk or satin is still the best next to the skin," she claims. "It feels so smooth, just like a cool hand sliding over me. It makes me so horny." Jessica's a real material girl. **M**

DIANA

JACK HARRISON

Remember lovely Diana from last month's issue? Well she's back with us by popular demand to share the secrets of her sexiest lingerie...

"You know those nights when the only thing on your mind is a box of chocolate and a good book?" confided the beautiful 21-year-old. "Well, to get myself in the right party mood I give myself what I call the Pampered Pussy treatment..." Tell us more! "I start by taking a really hot shower to wash away the cares of the day and massage myself all over with my favourite bubbles. Then I slip into my most erotic corset and sensuous silk stockings — no matter what I choose to wear on top, the feeling of silk on my thighs is enough to keep me simmering gently until the right moment for my pent-up passion to boil over!" **M**

GOOD VIBR

Whether it's a black 15 inch dildo, a banana-flavoured condom or a pair of vibrating panties that plug into your hi-fi, the range of sex aids for women is enormous. Who buys them and do they work? Our reporter Jayne Hastings has the inside story...

// I say, I say, I say! What's the difference between a man and a vibrator? You can't get a vibrator to mow the lawn! Boom-boom! Then again you won't find a vibrator that smells vile, belches, suffers from brewer's droop and insists you suck it first, so I guess that makes it just about even!

Yes, I am joking. Even the most rampant feminist must surely admit that sex aids are exactly that — an aid to sex, not a replacement for it. The mock cock could never replace the

real thing — or could it?

"Most of my customers are women without men in need of a little sexual satisfaction," claims Hayley, a 29-year-old blonde who works for a mail order company selling everything from an 18-inch Big Jock to something more like a buzzing thimble.

"Our adverts are designed to attract both the woman who wants something extra and the one who wants anything at all, but the majority use their toys as replacements for men."

How does she know?

"The number of ladies calling themselves Miss or Ms or in one case Mother Superior!" she says with a smile. "She's one of my best customers! But quite frankly, even the best vibrating dildo will never

make you come in the same way

that an expert man could."

Margery, a 28-year-old

divorcee from Beckenham begs to differ.

"I've had relationships with men but I

frankly I prefer Percy here," she says, fondling a truly huge dildo the size of a yule log. "I call him that after my late husband. He was a... well... big man. But even he was never able to satisfy me like Percy 2 does.

"You see, I can control Percy 2 so that I get exactly what I want, when I want it. He can slide in slow and sensually then gently tickle my clitty or he can pump me hard. My husband, on the other hand, was far too fast most nights, then when I fancied a

frantic fuck just for the fun of it, he would slide in as slow as a canal boat entering a busy lock!

"What's more, with a dildo you can imagine being with a different man every night. It can be Sean Connery's cock or Mel Gibson's and you can shut your eyes and fantasise about him fucking the living daylights out of you, without your husband's beery breath spoiling the illusion."

So I thought perhaps it was time I tried a few of these flexible friends to see if I could replace the man in my life with ten inches of apricot-coloured plastic. Whether you write off for a mail order catalogue or pop into a branch of Ann Summers, no girl could fail to be impressed by the large range of sex aids available.

"We prefer the term sex toys," said one assistant showing me a table that looked like a Disney-style phallic castle with dick shaped towers and turrets. "Now what would you like? Something dis-

creet like the small silver one here that pops into the handbag and can easily be mistaken for a large lipstick, or one that's more anatomically realistic?"

Realistic? Girls when did you last see a bright orange penis with a knob the size of a light bulb? Now fucking with that is what I call being Tango-ed! I told the young lady that I planned to try the lot and she gave me a look that could have been pity or disbelief.

Back home, I eagerly set to work. First up (literally) was the "discreet lipstick". The buzzing vibrations felt quite nice on my pussy lips and nipples though it made me feel

numb rather than naughty. Slipping it inside was a disaster. My juice ran down the shiny chrome shaft and made it so slippery I couldn't use it. Sorry, only 5 out of 10.

The next battery-powered boner was rather curious. It offered a fairly realistic seven-inch cock with a set of elephant-style tusks where the balls should be. These were supposed to titillate my pubic mound. They didn't. They did, however, provide something to hold onto as it slipped in and out of my now soggy pussy. With judicious use of one finger as well, I felt myself coming for the first time.

It wasn't a monstrous orgasm. Certainly not the "waves and waves or orgasmic pleasure" that were supposed to sweep over me according to the catalogue. Not bad though, worth 7 out of 10.

It was time for something different. Love eggs, duo balls or Ben Wa globes as they are variously called are two spheres containing weights which are attached by a

"You see, I can control my dildo; he can slide in slow and sensually or he can pump me hard"

ATIONS

piece of string. After a bit of preliminary fanny fingering (they are rather large), they fit nicely inside your pussy, and the weights make them roll back and forth whenever you move. Now this is truly quite an astonishing sensation, especially since nobody else knows what blissful vibes you're getting.

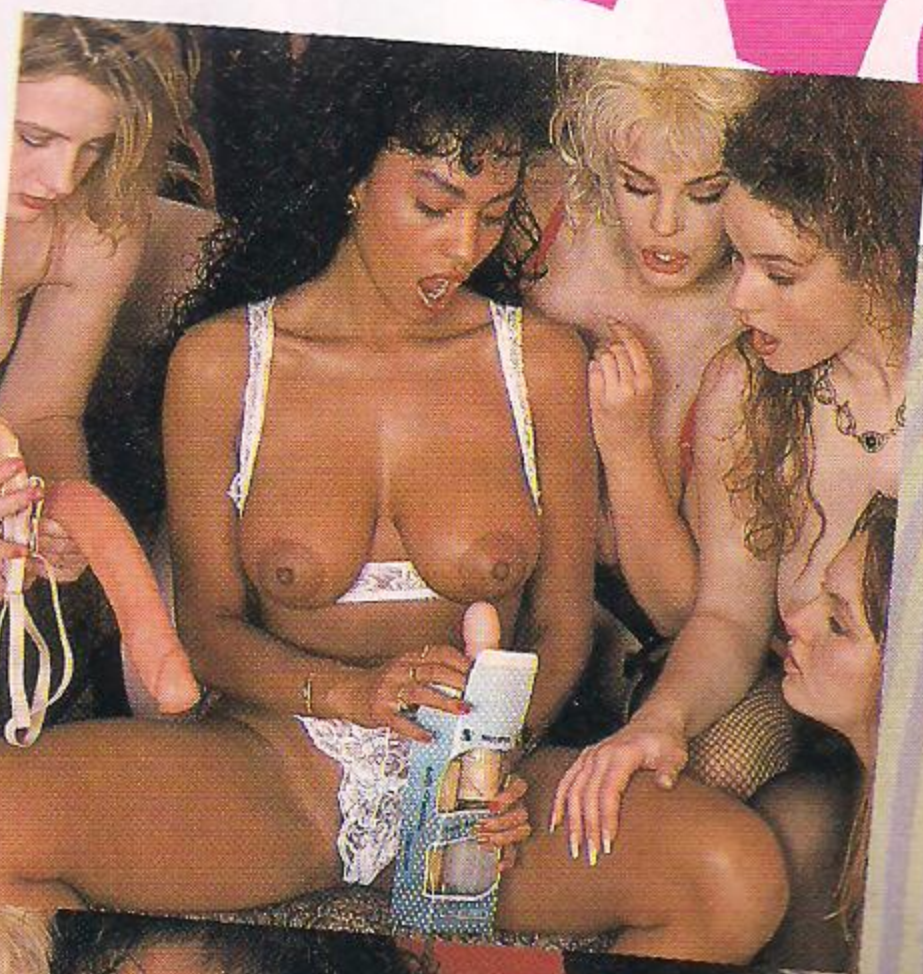

Walking down the street several people looked at me oddly, whilst in the supermarket, one lady mistook me for an asthmatic and asked if I'd like to borrow her inhaler!

Best of all though was the ride home on the bus. Local road works made for a very bumpy ride which had my balls bouncing around in their snug, moist home. Every jolt sent a thrill through my fanny until something very messy happened in my panties! I slithered uncomfortably off the seat, my come filled knickers clinging to my sopping wet bush. By the time I got home I was still panting heavily.

"You sound tired, love," said my current consort. "Did you walk all the way home?"

"No," I replied tartly. "I came on the bus."

Before sampling some of the larger appliances, I decided to try out some of the more "fun" sex toys. The fruit flavoured condoms were described on the pub machine as: "A world of fun for the price of a pint". Now I don't know how far your fun threshold extends, but a johnny that barely tastes of banana is not quite within my boundaries. Even for the culinary-minded, they were disappointing. It was the first time I've ever had to

give someone a blow job to take the taste away!

I got my own back with some "fruit drops", equally artificially flavoured fluids for spreading on your nipples to encourage your bloke to suck your boobs. Actually, like most guys, he's never needed any encouragement and the sticky substance made him feel sick. So when he retired to the lounge I took the opportunity to try out the big fellas!

The first had a banana-like bend in it and was supposed to reach my G-spot. Its length and smooth shape felt nice as it slid inside but the curve didn't reach the mythical magic area, I'm afraid. For size, the two-foot double-ender was the most impressive. Especially loved

by lesbians, this saucy snake can fuck two at a time but being very bendy, it needs two hands to really make it work. Not much good if you want to read a Jackie Collins at the same time.

Finally, I came to a truly monstrous black cock which was "anatomically accurate" down to a large pair of squishy bollocks beneath. It didn't vibrate but boy was it big! Sliding it inside my well prepared pussy, it really filled me, and it was amazing pushing it centimetre by centimetre further and further. If a girl wants to know what it's like to be fucked by a 1.5-inch cock with a three-inch girth, then she should buy one!

The trouble is it might just spoil her for the real thing. Or worse still, it might just give your guy a complex.

"Jayne, you're not really telling me that that THING was better than I am, just 'cos of the size," sulked my man as I mopped up the ample evidence of my pleasure.

"Well..." I said.

He didn't speak to me for days.

In reality, the perfect solution is to have both. A real cock may not be the size, shape or conveniently double headed like the ones you can buy, but it comes (in every sense) with a man attached. I think the answer is to have a bloke for real and a dildo for fantasy. And love eggs for that long ride on the bus — oh most definitely. **M**

TESSA BROWN

Girl next door

PHOTOGRAPHS BY JOHN STUART

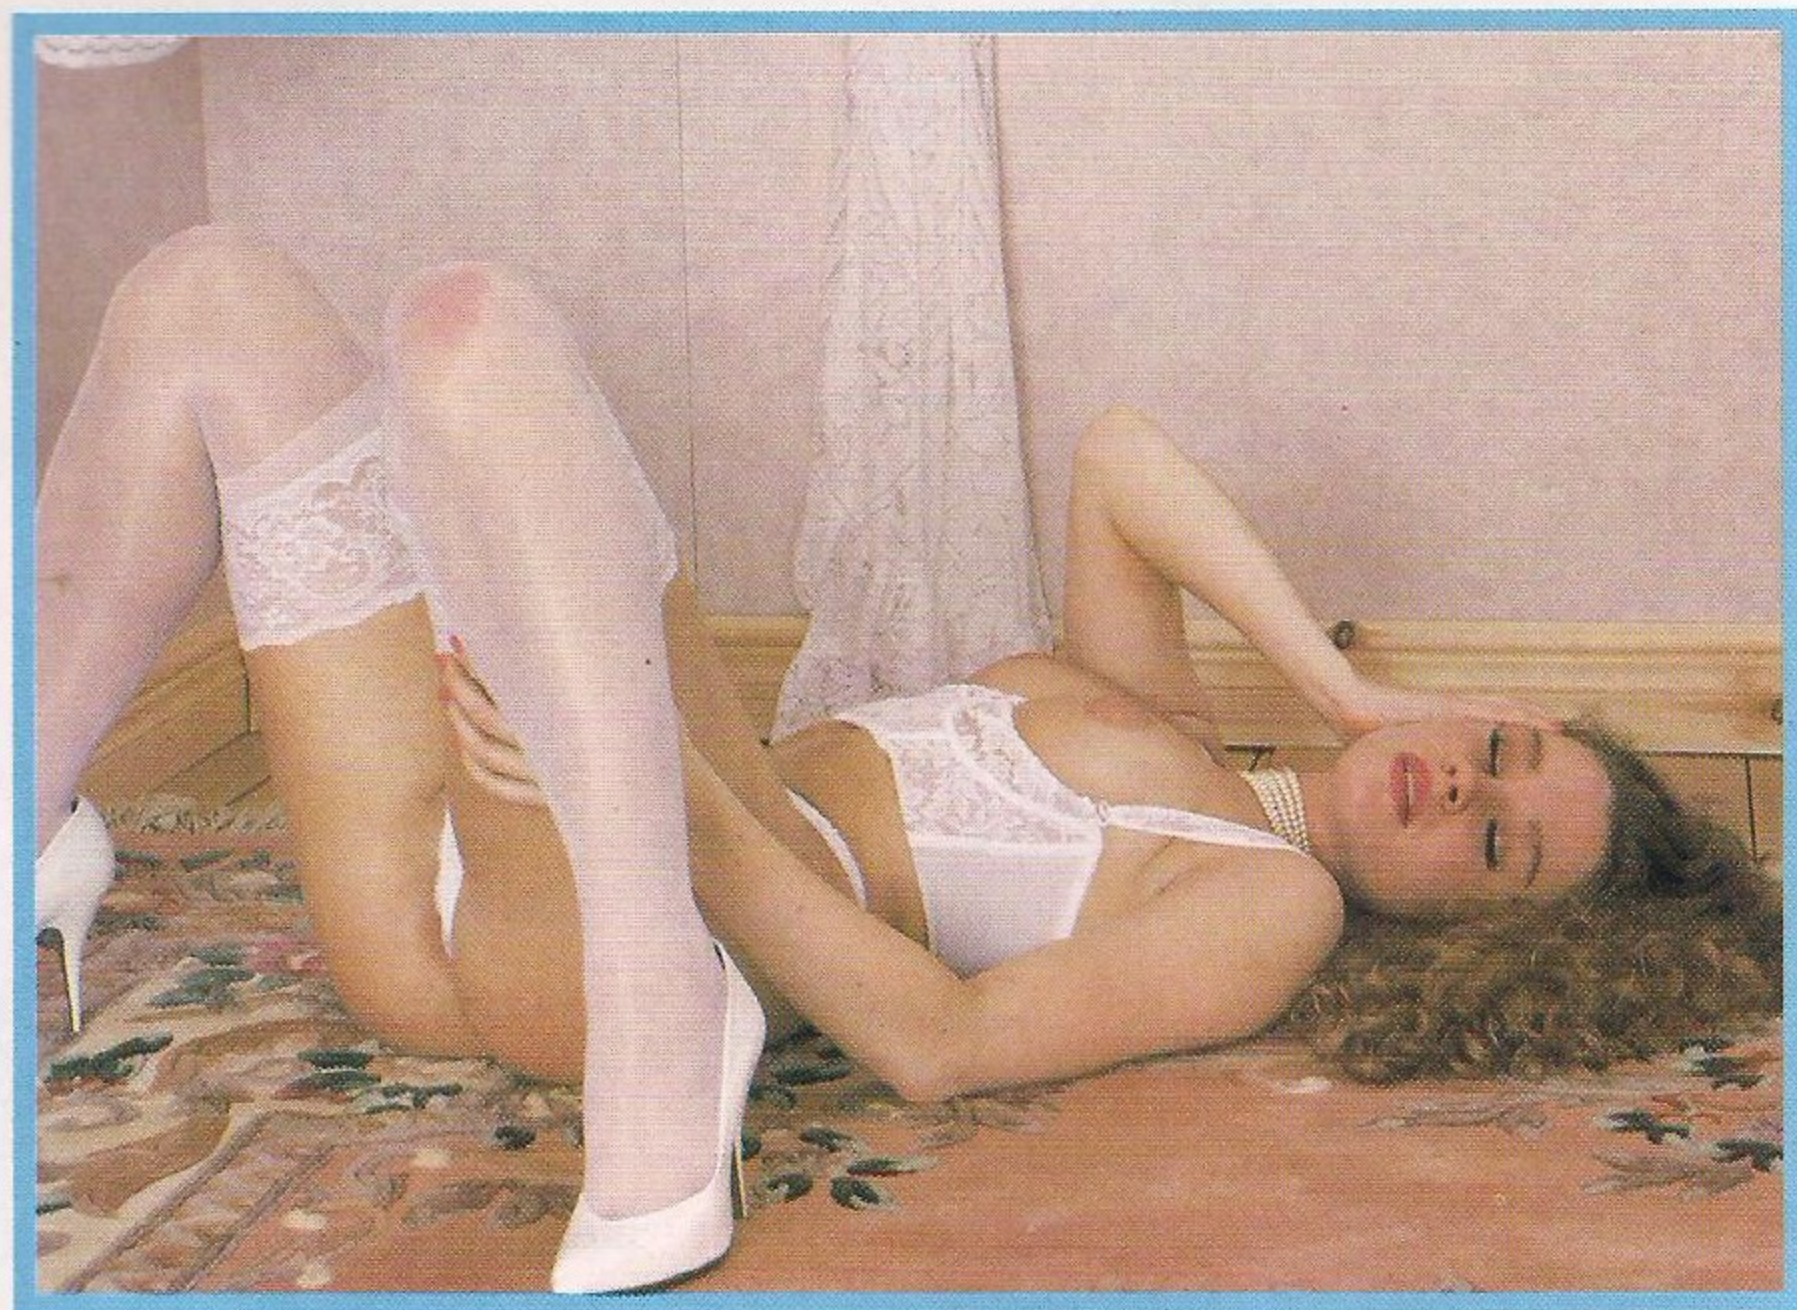

Quietly spoken Tessa Brown isn't so much the Girl Next Door as the girl next to you on the bus. For that's exactly where *Mayfair* reader Leonard from Cheltenham met the 18-year-old secretarial student. Tessa explains: "I was on my way into town one Saturday to do some shop-

ping when I got chatting to the man next to me on the back seat of the bus. He turned out to be one of your biggest fans, and told me that he thought I was really pretty and that I should go in for modelling in your magazine. I felt very flattered that someone would think I was so nice so I agreed to let Leonard send my name into you. I just hope the results don't disappoint him."

Somehow we doubt it, Tessa... **M**

Jenny Shenton

Some girls are easily pleased, and for juicy Jenny from Plymouth a string of pearls is all it takes to put her in a saucy mood.

When she's not bowling woods down on the famous Hoe (Well, we had to say that if she comes from Plymouth!), the 36-24-35 brunette likes to slip into stockings and suspenders and bowl over her admirers with a naughty bed show.

"I sell underwear in a department store, and take the nicest ones home to try on for size," said the 19-year-old with a grin. "I meet lots of men at work and they all want me to model our sexiest stock." And does she ever oblige? "Buy me a string of pearls and you'll find out," she said, fingering her latest necklace. Now where's that cheque book..? **M**

DO YOU ATTRACT GIRLS?

INCREDIBLE!

Scientists have recently been successful in isolating and synthesising a natural female attractant ANDROSTENONE PHEROMONE. Everyone knows that there are a small minority of men who seem to attract women without effort. These are the men with high Androstenone levels - which is less than 10% of the male population. Results from experiments have been widely reported in the press:

And now the pheromone is marketed, we've tested it and good grief it works! **Knave**

Heleen WorldMags.

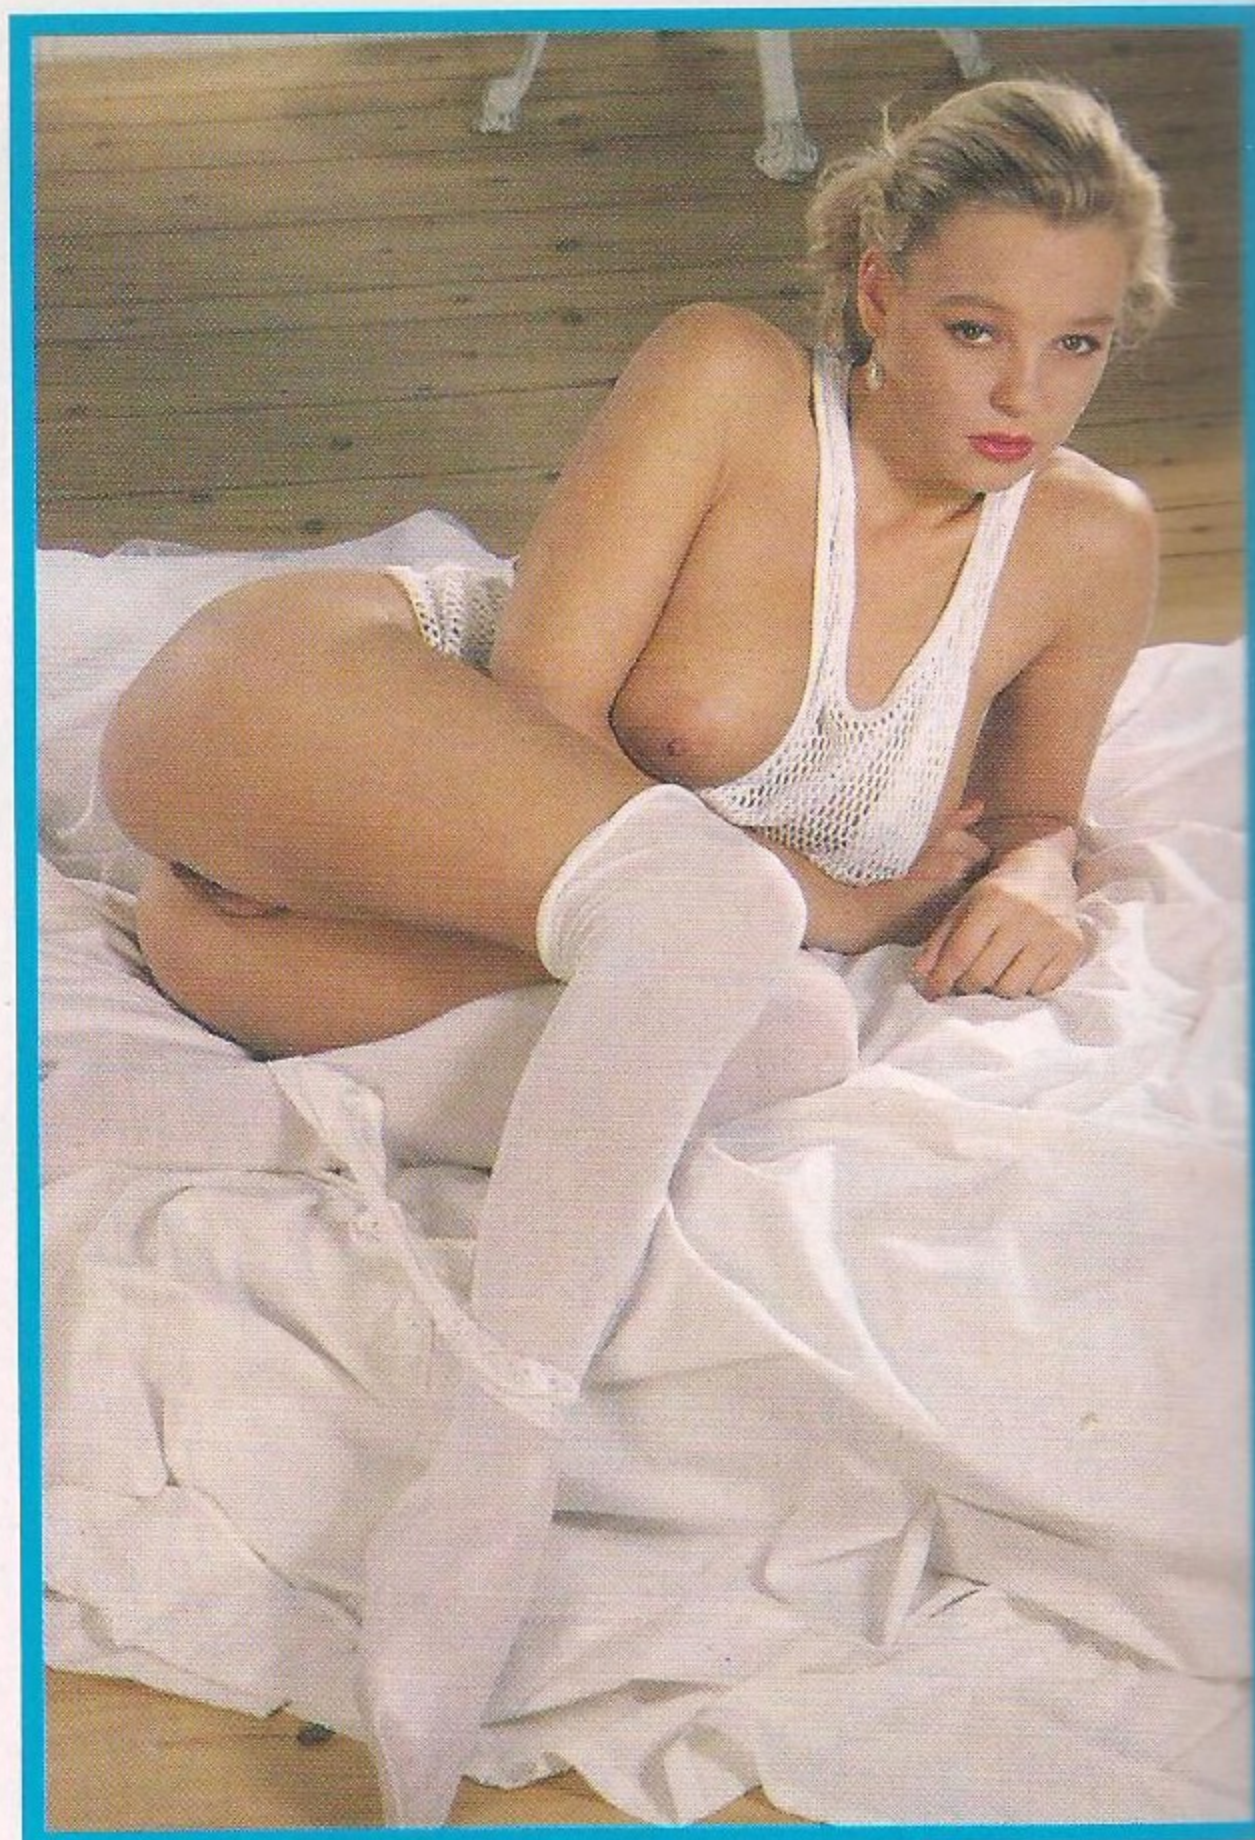

Helen's predecessor way back in the days of Troy reputedly had a face that launched a thousand ships — we think you'll agree that our girl has a body to excite a thousand dicks!

Last month's Girl Next Door says she likes to keep that beautiful body trim, taught and terrific by exercising in her local gym. "I lift a few weights for definition and do a really strenuous aerobics class for endurance but I still think that the best exercise is good old-fashioned sex — especially for those hard-to-flatten stomach muscles." We agree!

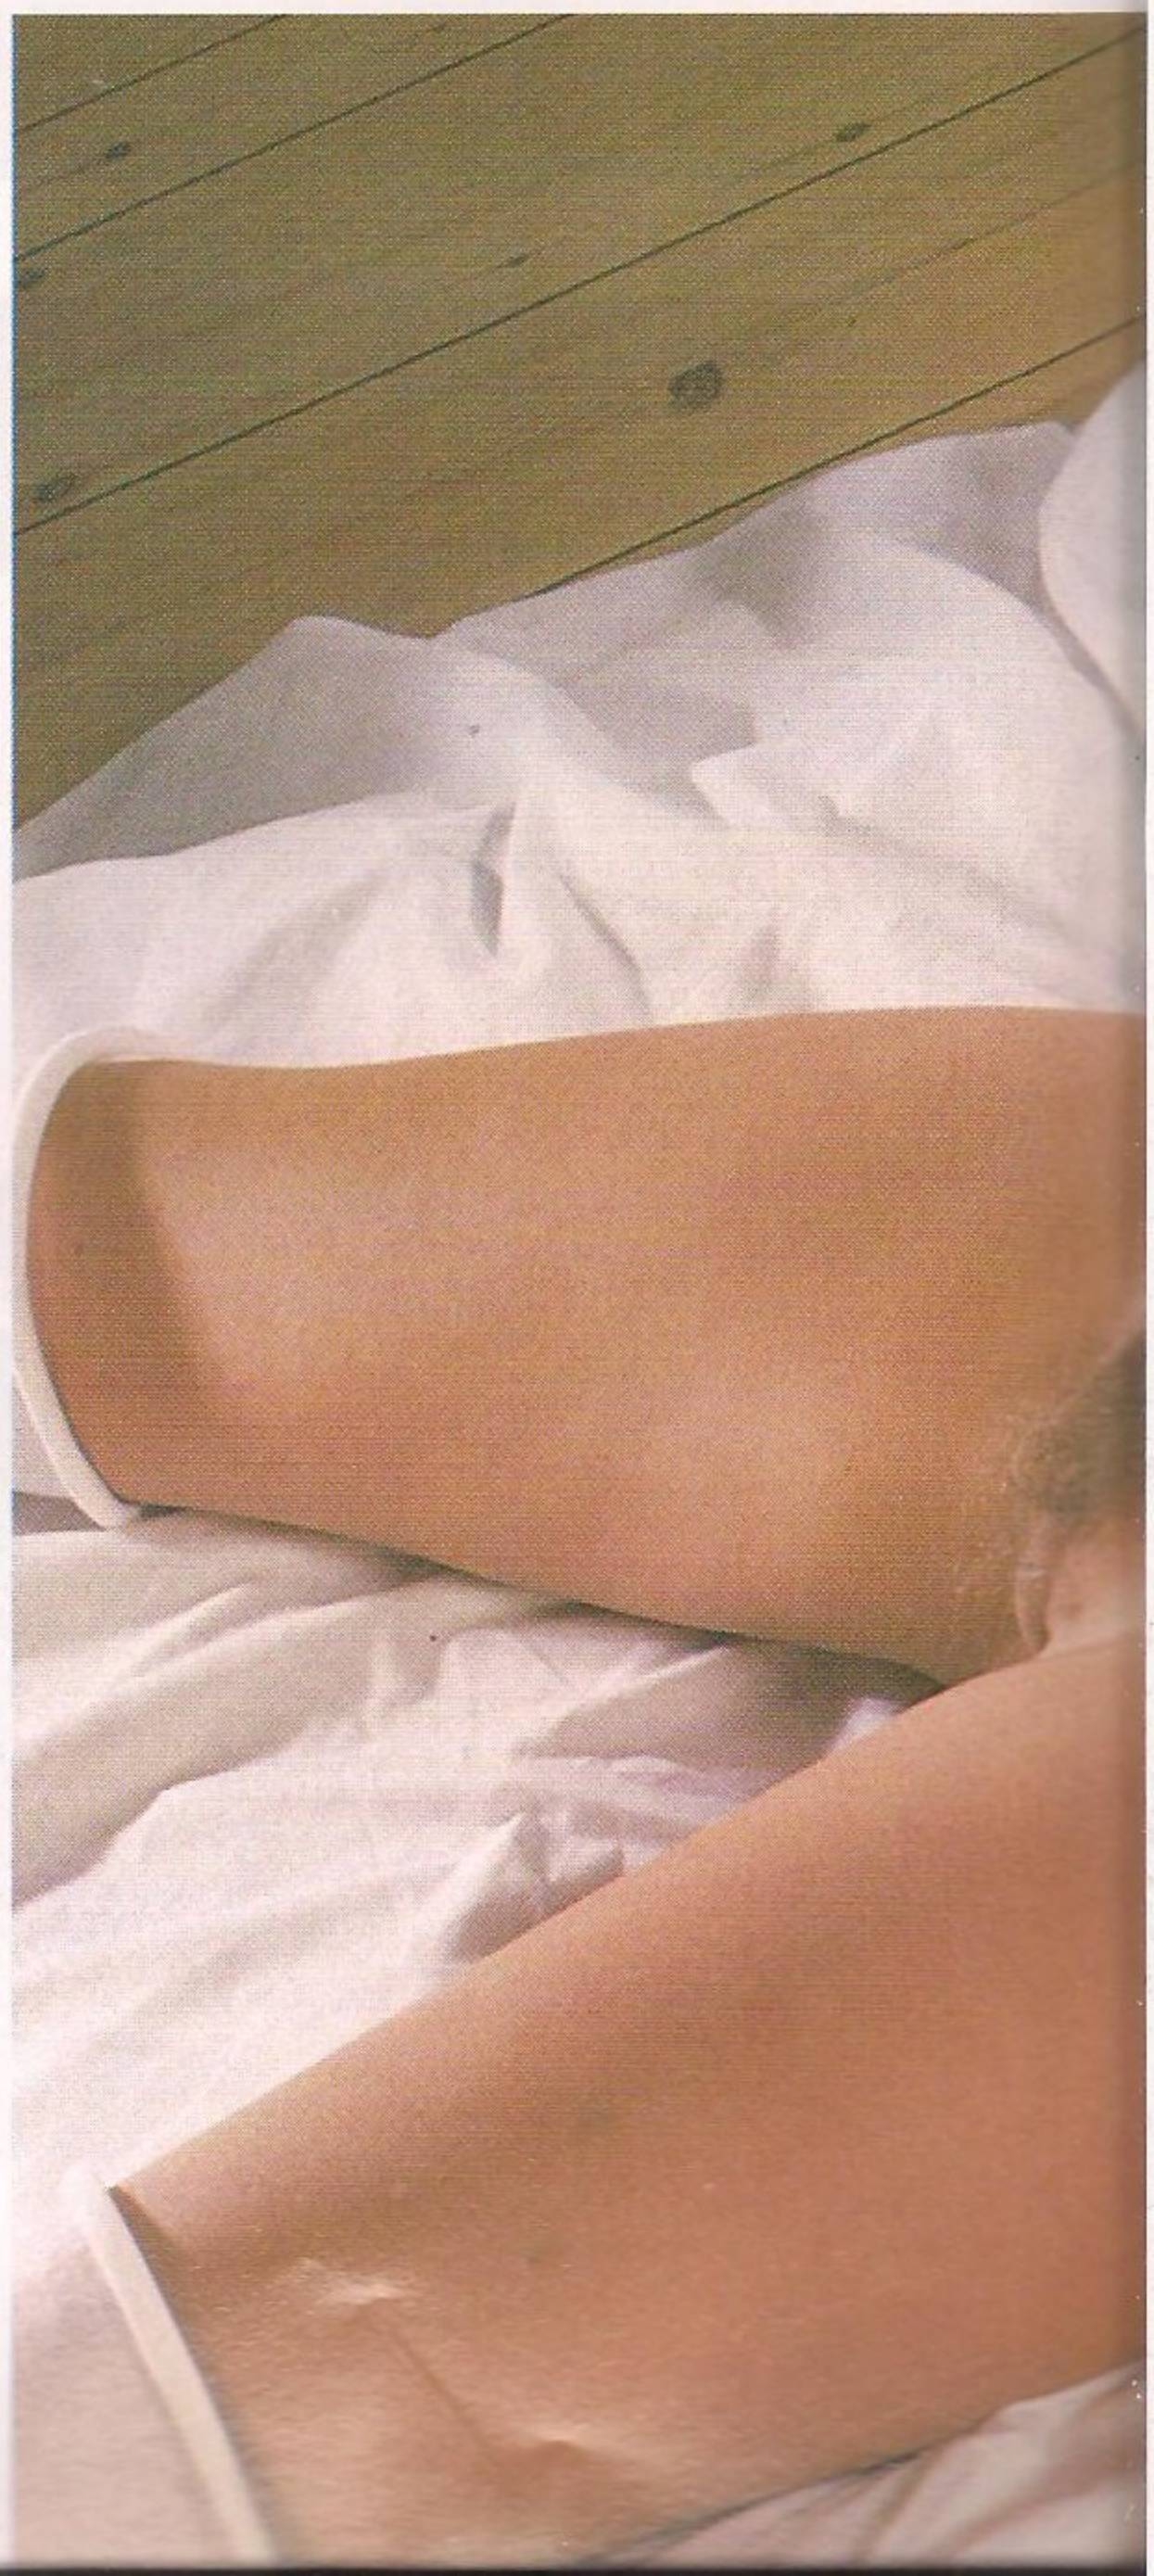

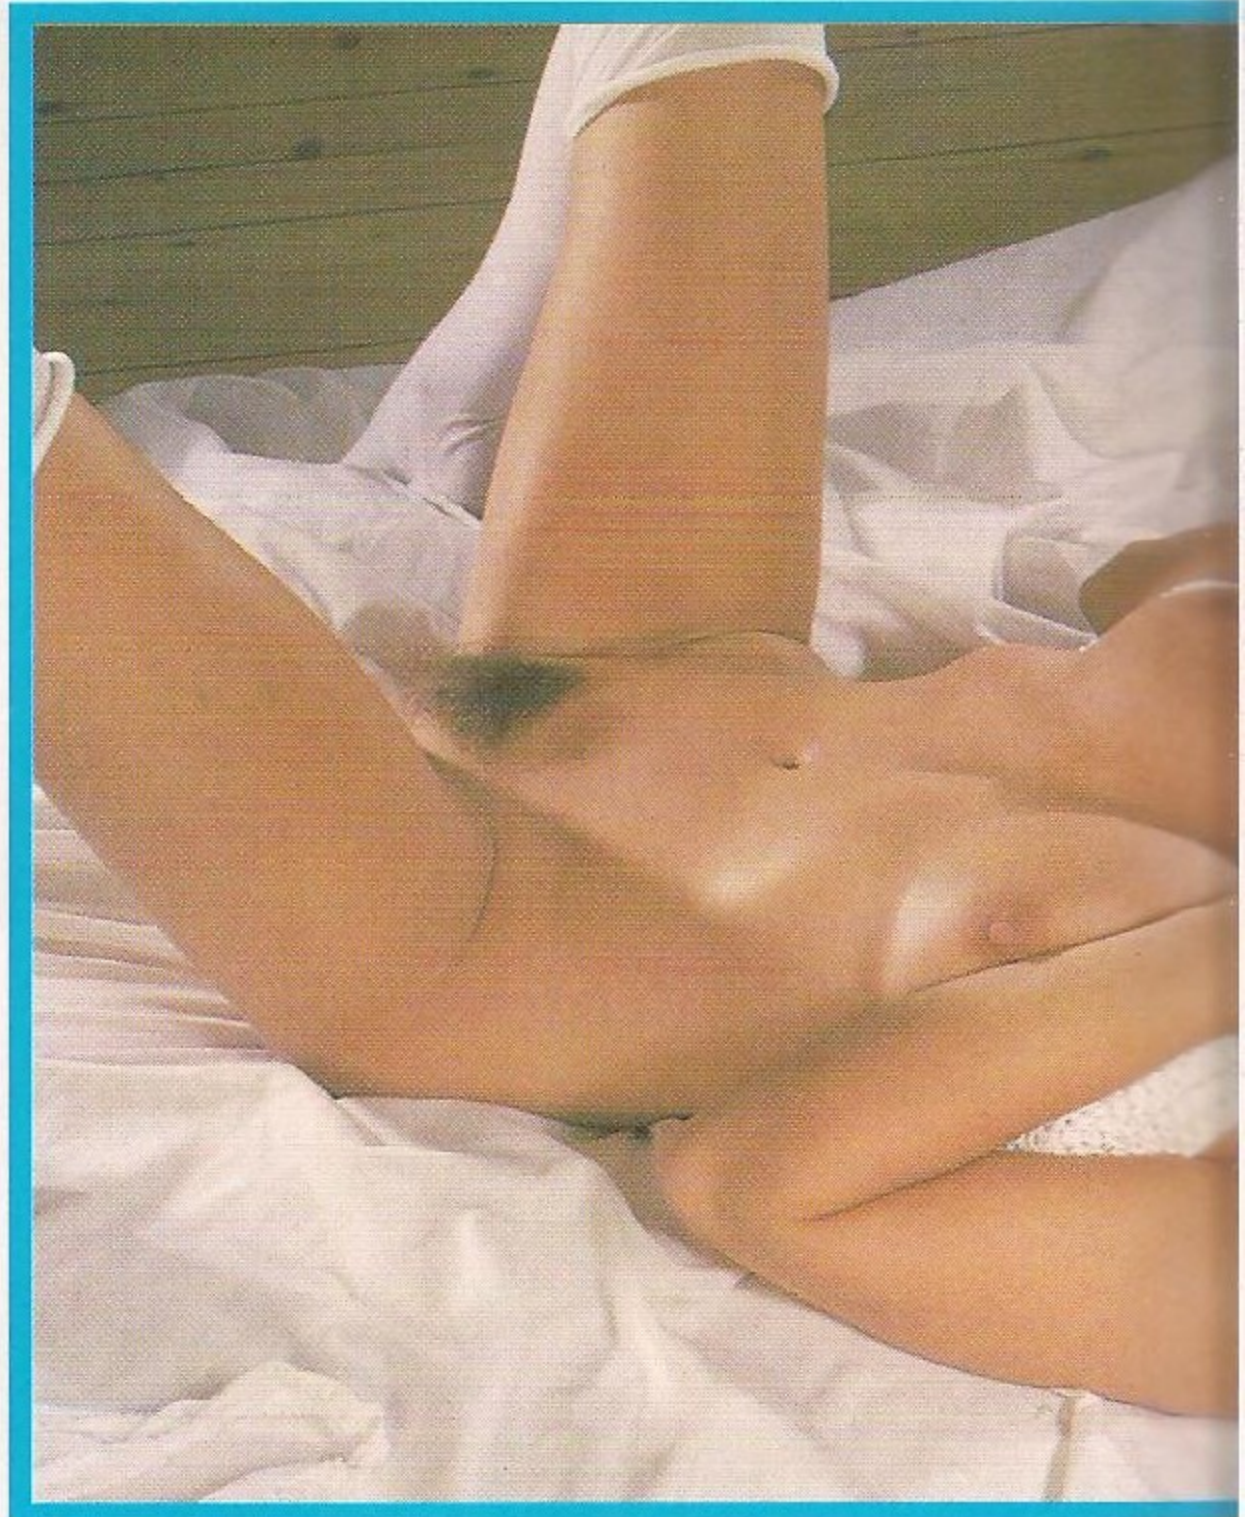

Helen confessed that she also has a soft spot for handsome hunks sweating over the exercise bike. In fact, she borrowed this vest from one particularly enamoured personal fitness instructor.

and she slowly started to frig herself off, every now and then slipping a wet finger into her mouth to suck it dry. Jean could see that I was really turned on as my cock was getting bigger by the second, and she pulled me to my feet and slid my trousers down.

Jean then gave me a slow, experienced blow-job, all the while gazing up at me with big, sexy eyes as one of her hands gripped the base of my shaft and the other cupped my balls. After a few minutes of being spoilt like this I shot my load into her mouth and she swallowed it all, eagerly licking my cock and balls clean with her greedy tongue.

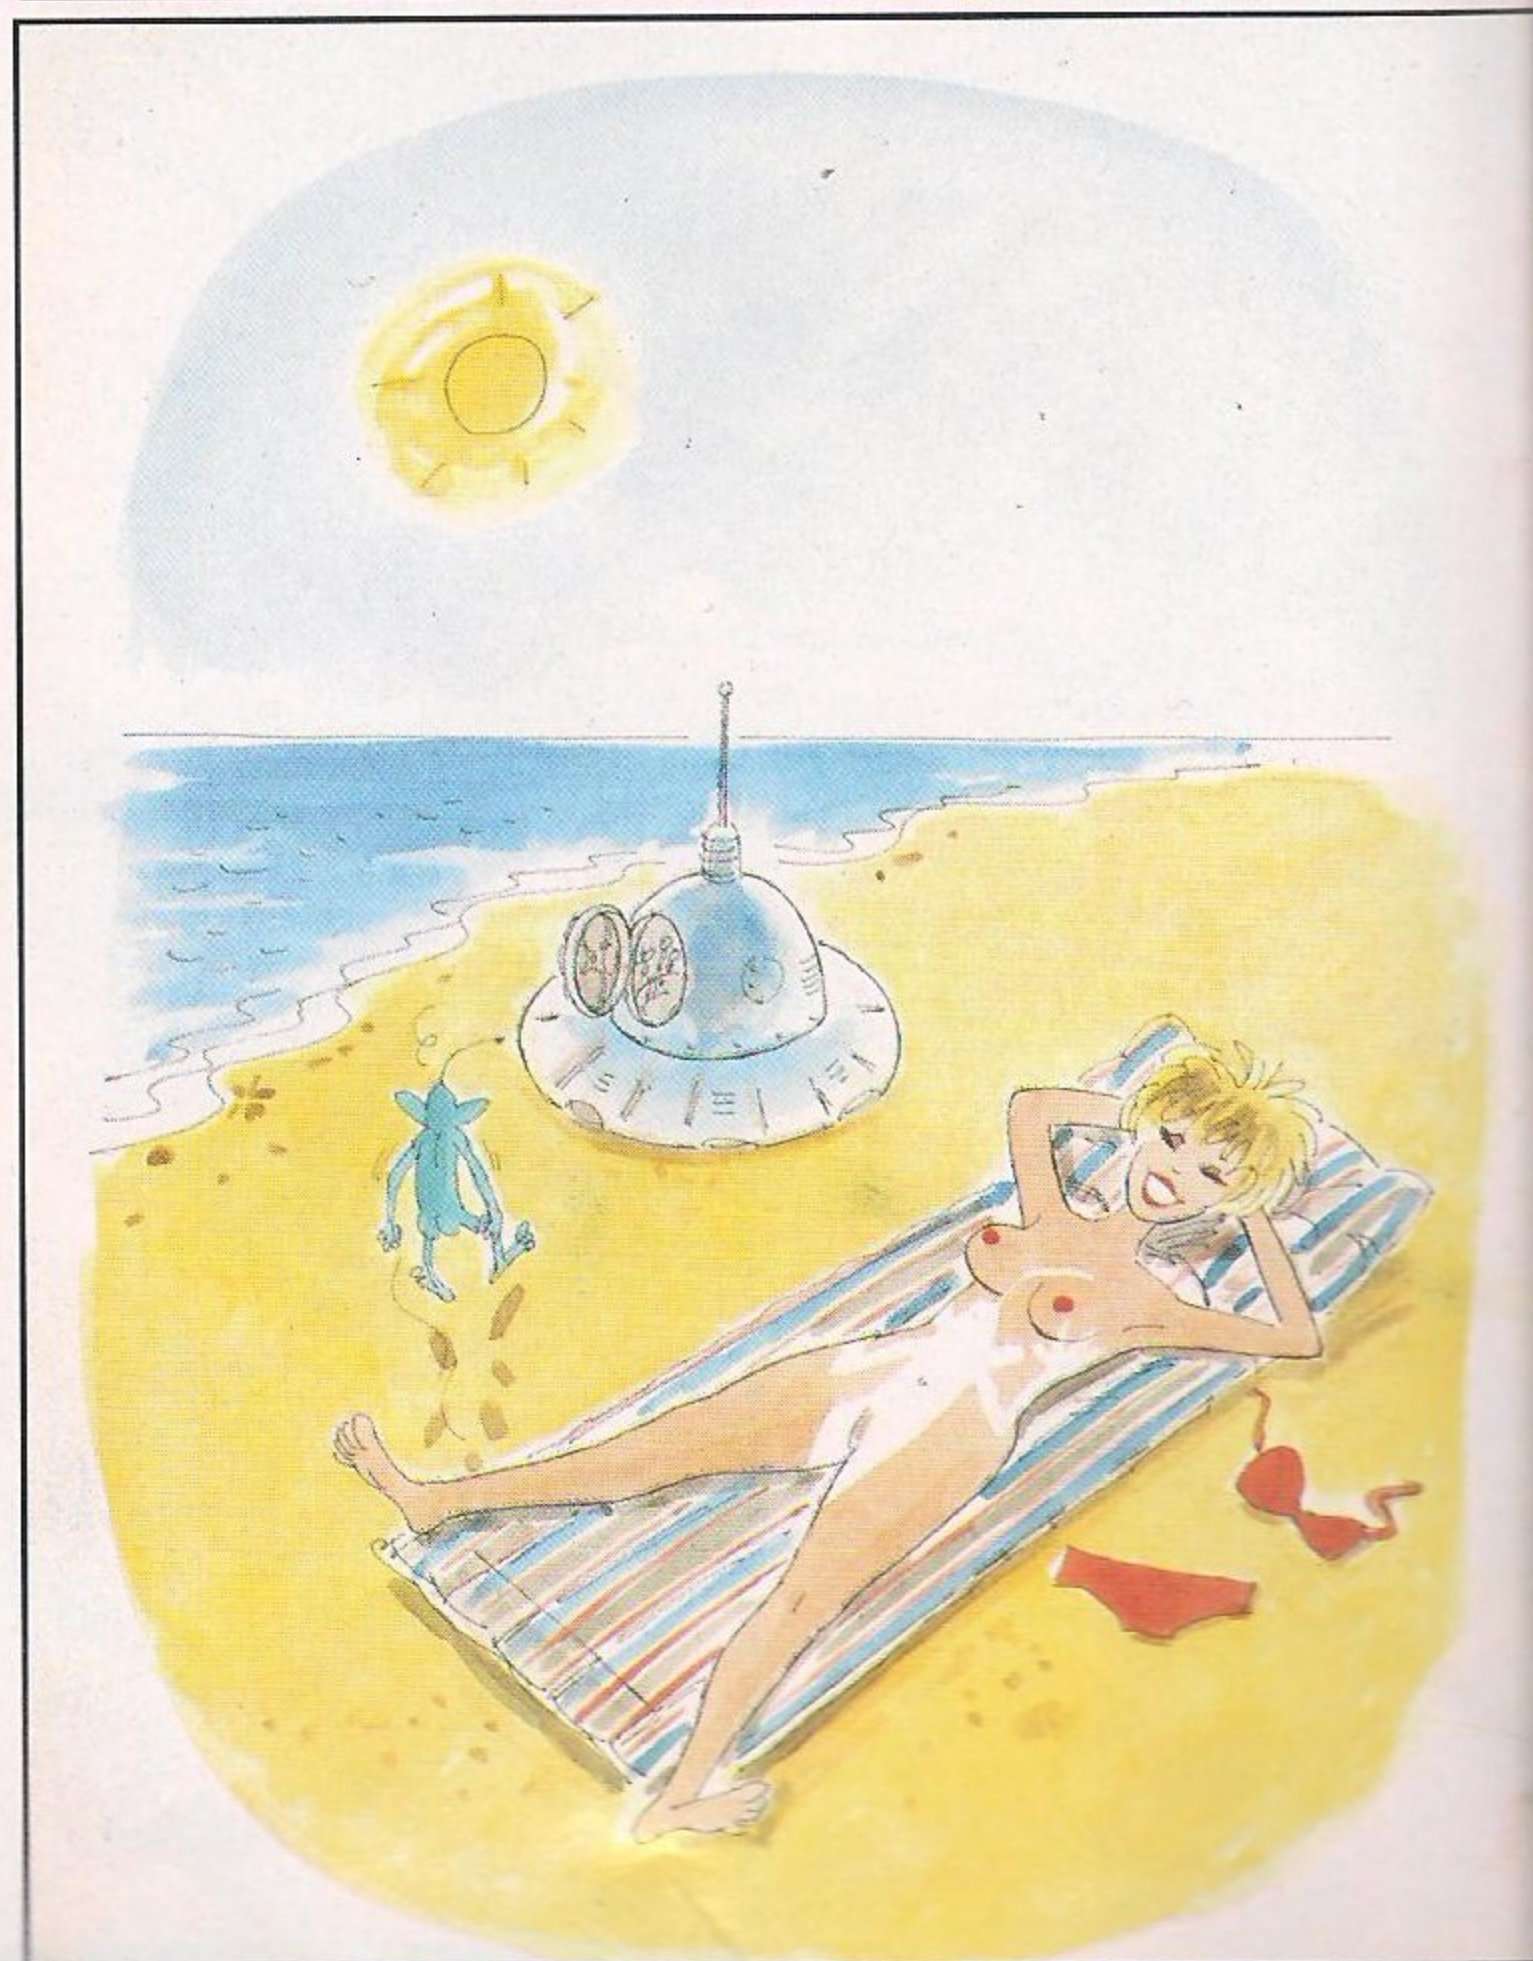

But the night wasn't over yet! It was my turn to return the favour, so I laid Jean on the floor, eased her panties off and eagerly went down on her. She orgasmed almost immediately as soon as my tongue darted around her juicy muff, and then, as soon as her wandering hands found my cock had become hard again, she turned around and knelt down in the doggy position. I took my cue and positioned

myself behind her. Soon I was fucking Jean like crazy and her pussy was so wet I kept slipping out of her. It was hard sex all right — and we both loved it!

I was planning on going home that night, but we were having such a good time we ended up staying awake until dawn, bonking like mad in every room in the house. The funniest thing was when her son rang in the morning and she was trying to politely chat to him about how his job was going while sitting on my cock riding me!

We have been lovers for six months now, and we've done it everywhere, including the local pub (not easy), a forest and the bus station! I have been with quite a few women, but Jean is without doubt the best! Any bloke out there who wants really good sex should find an older woman, as they are always much more experienced, patient, and generally better lovers than any younger girls I've known. I know Jean and me won't be together forever, but when everything does fizzle out, I'll be on the lookout for another older woman! — Paul, Cardiff **M**
